Certificate to Operate Control Apparatus and/or Equipment

This five year certificate is being issued under the authority of Chapter 106, P.L. 1967 (N.J.S.A.26:2C-9.2). The possession of this document does not relieve you from the obligation of complying with all provisions of the New Jersey Administrative Code, Title 7, Chapter 27.

The equipment covered by this certificate may be subject to at least one periodic compliance inspection, pursuant to N.J.A.C. 7:27-8.8(C). Pursuant to N.J.A.C. 7:27-8.11, you will be invoiced for a \$200 fee after each periodic inspection that is conducted. You may also be subject to fees for services that are performed by the department in accordance with the conditions of approval of this document. If you fail to pay a fee, the department may assess civil administrative penalties and/or revoke this certificate.

Pursuant to N.J.A.C. 7:27-6.7(F), the department may modify the conditions of approval of this certificate at the time of renewal or at any time when the certificate is in force, if deemed necessary to protect human health, welfare or the environment.

In accordance with N.J.S.A. 54:4-3.56 to 3.58, you may be entitled to an exemption from taxation if your equipment is taxed and is considered to be an air pollution control device. A tax exemption application may be obtained from the Bureau of New Source Review.

In accordance with N.J.A.C. 7:27-8.3(D), you shall make this certificate readily available for inspection on the operating premises.
